## **About me**

I am a member of IAESTE Slovakia, in which I am taking part in IT department. I am currently focused on developing new web applications for the organization. As a member of local committee Bratislava I am also involved in taking care of incoming internship students and participating in the organization of carrier fairs and workshops.

In my spare time I like to go hiking, swimming, play chess, football or floorball. My most favourite hobby is chess. I have played it for almost 14 years.

I have been nominated to represent Slovakia on numerous international youth chess championships.

My successes include:

- The second place in Slovak youth Chess Championship in 2011
- The first place in Slovak youth Chess Championship in 2012
- The second place in Slovak youth Chess Championship in 2013
